

Coresystems – now part of SAP – is a field service software company helping mid- and large enterprises manage field services. Our solution brings together the right data at the right moment to delight customers and drive business results - all delivered in the cloud to any mobile device with artificial intelligence in real-time. We're transforming field service with cutting edge technology to help companies create perfect service moments and delight customers.

Our young and innovative company is looking for a

UX/UI Designer

THE ROLE

For our Swiss headquarters in Windisch or our Berlin office, we are looking for an experienced User Experience/User Interface Designer who is delivering a great user experience for our Field Service Management software. Are you able to balance creativity with structure and open to collaborate with other designers, business stakeholders and end users? In this challenging role you will need to draw on your own design experience, bring in your technical knowledge and use your experience in iOS, Android and web design. You will join a team which is fully committed to excellence and responsible for satisfying the demands of our global customers.

We are looking forward to your personal “core moments”!

CURIOUS ABOUT THE DAY-TO-DAY?

Analytics:

- Collect insights through user testings, surveys and analytical tools

Conception:

- Create user-friendly mobile- and web applications
- Prepare wireframes, user flows and click-prototypes
- Develop new products and optimize existing ones

Elaboration:

- Design different UI concepts for mobile- and web applications
- Visualize your concepts for different client devices with detailed mock-ups
- Create and research necessary assets (info-graphs, visuals, icons etc.)

Team:

- Strong collaboration with product owners, product managers, software developers and other stakeholders
- Part of our development team

CURIOUS IF YOU'RE FIT?

- Degree in design-related field or equivalent experience (e.g. Interaction Design)
- 3+ years of experience in the UX/UI field
- Very good understanding of responsive-strategies, animations and technical implementation of concepts and design

- Skilled use of design tools such as Sketch, Adobe Design and Illustrator
- Experience with HTML/CSS/JS is an advantage
- Passionate about user experience, interaction design and visual design
- Used to terms like "Scrum" and "design thinking"
- Enthusiastic, well-structured and solution driven team player
- Strong communication skills - Fluent in English, German is a plus

JOIN US, BECAUSE

- We are an enthusiastic, cool company and we like to have fun – during working hours and outside them
- We really engage ourselves in developing our products and take pride in delivering results
- Stretching yourself to achieve challenging goals is satisfying to us
- In our open culture, we welcome other opinions and enjoy discussing solutions
- The flexible and dynamic working environment gives us a lot of freedom and enables us to perform at a high level
- Our skills and know-how are up-to-date thanks to the yearly training courses we attend. We also offer the opportunity to travel to our other locations for know-how sharing
- We support mobile communication and mobility costs – unpaid leave is an extra cool benefit

Have we piqued your interest?

We look forward to receiving your application via email: recruiting-fsm@coresystems.net
